NEW Multitool

- Powerful, compact and extremely versatile.

40th
1979-2019

High power and ergonomic grip make light work of tricky cuts, even in tight areas.

Combines performance with control for efficient working

High power ensures speed is maintained even when load is increased.

Makes light work of a wide range of jobs, from cutting wood or metal to grinding tile adhesive or removing sealant.

Compact design with a slim grip for comfortable handling

The narrow body and slim grip ensure easy handling and control even when accessing in tight areas.

Built-in LED worklight

The twin LED light feature will ensure you get a good view of your working area no matter how secluded.

Speed adjustment dial

The oscillation rate can be selected

Lock-On switch

Allows you to use both hands for the job or to switch hands as required.

Versatile accessory options mean that OIS or Starlock blades can be fitted.

Universal blade fitting

Mount can accept both OIS and Starlock blade types.

Blade can be fitted in a range of directions

Angle can be set to increments of 30 degrees, to suit the job.

Simple blade removal

Blade is removed simply by removing a single bolt

Lock and release using the lever

Remove or insert the bolt

14.4V / 18V Dual

Use your existing battery pack
