# High power and ergonomic grip make light work of tricky cuts, even in tight areas.

## Combines performance with control for efficient working

High power ensures speed is maintained even when load is increased.

Makes light work of a wide range of jobs, from cutting wood or metal to grinding tile adhesive or removing sealant.

Compact design with a slim grip for comfortable handling

The narrow body and slim grip ensure easy handling and control even when accessing in tight areas.

Built-in LED worklight The twin LED light feature will ensure you get a good view of your working area no matter how secluded.

Speed adjustment dial The oscillation rate can be selected

Lock-On switch Allows you to use both hands for the job or to switch hands as required.

## Versatile accessory options mean that OIS or Starlock blades can be fitted.

Universal blade fitting Mount can accept both OIS and Starlock blade types.

Simple blade removal Blade is removed simply by removing a single bolt

Remove or

insert the bolt

Lock and release using the lever

## Blade can be fitted in a range of directions

Angle can be set to increments of 30 degrees, to suit the job.
